Presentation of Information

This document comprises the Interim Condensed Financial Report – 30 September 2012 for HSBC Bank Oman S.A.O.G. (formerly Oman International Bank S.A.O.G. ('the Bank'). It contains Unaudited Interim Condensed Financial Statements, together with the Board of Directors Report, the Auditor's review report and the Summary of Unaudited Results.

Board of Directors' Report on the nine months results (unaudited) for the period ended 30 September 2012

Dear Shareholders,

It has only been four months since the operations of Oman International Bank S.A.O.G ("OIB") and HSBC Bank Middle East Limited's Oman branches combined to form your Bank, 'HSBC Bank Oman S.A.O.G'. A very great deal has been achieved in that short period of time and we are pleased to present the third quarter results of the combined entity.

HSBC Holdings Plc acquired 51% of the combined entity through its indirect wholly owned subsidiary HSBC Bank Middle East Limited ('HBME'), contributing an injection of additional capital. The merger is accounted for as a reverse acquisition under International Financial Reporting Standard 3 ('IFRS 3'): 'Business Combinations', as HSBC acquired a controlling stake in OIB through the issue of new shares. Accordingly, for accounting purposes, OIB is treated as the 'accounting acquiree' and HSBC Oman as the 'accounting acquirer'. As a result, the financial statements of HSBC Bank Oman S.A.O.G. are shown as a continuation of those of HSBC Oman with one adjustment to reflect the legal capital of OIB.

Performance Summary

For the nine months ended 30 September 2012 net interest income was RO26.69m, up by 60% compared to RO16.68m for the same period in 2011. Other income improved to RO14.88m from RO9.36m in the same period in 2011. Operating expenses rose to RO26.75m compared to RO13.97m in the prior year. The Bank's profit before provisions was RO14.82m, up 22.77% on RO12.07m for the corresponding period in 2011.

The amount provided for loan impairment charges net of recoveries was RO2.29m compared to net recoveries of RO0.64m for the corresponding period in 2011. The increase was mainly due to higher general provisions and downgrading of some customers to non performing advances.

For the nine months ended 30 September 2012, the bank recorded a 4% decrease in net profit to RO10.57m compared with RO11.03m for the corresponding period in 2011.

Loans and advances net of provisions and reserved interest rose to RO1,225m as at 30 September 2012 compared to RO480m as at 30 September 2011. Of the increase, RO685m is as a result of the merger while the remaining RO60m is due to growth in advances by the Bank.

Customer deposits stood at RO1,875m as at 30 September 2012 compared to RO775m as at 30 September 2011. RO1,014m of the increase is as a result of the business combination while the remaining RO86m is due to growth in deposits by the Bank.

Integration

The combination of OIB and HSBC Oman is a significant event in the development of banking provision in the Sultanate, bringing together two organisations with a history in Oman that dates back to 1948. Management is now focused on the task of bringing both entities onto a single systems platform to ensure that we are quickly able to offer our customers the benefits of the business combination, and in turn, the benefits to the shareholders from the new entity.

Technology investment

We have already made substantial investment in the technology platform to ensure the efficient operation of the combined branch network. We have overseen the migration of 107 ATMs from the former OIB network to join the HSBC ATMs as part of the national OmanNet network. This means that all OIB customers now have the convenience of access to the entire Oman ATM network, and more convenient access to ATMs when travelling outside of Oman. In addition, we are in the process of installing an entirely new IT infrastructure for the combined operations. As a result, in November the OIB and HSBC branches and offices will be fully connected with common banking and management systems to create a fully integrated network and all staff will have access to new PCs and related equipment.

Customer Migration

With more than 400,000 customers in the combined group, we have addressed a major logistical challenge to ensure that customers receive their new account numbers, debit and credit cards and PIN numbers within a short time frame. Messages sent nationally via newspapers, radio and SMS services are set to bring customers into their branches to complete paperwork and collect their welcome packs. This is a complex and large undertaking, and is being carried out in close cooperation with the branch network and all of our stakeholders.

Branch Network Strategy

Since the completion of the transaction, management has carried out a branch review and the network has been segmented into 3 categories – Flagship, Mid-Market and Community. The network is being refurbished accordingly and all branches will be re-branded by December to ensure that every branch properly represents the new combined entity.

Staff Training

Extensive staff training is underway in all branches to ensure employee readiness to operate the HSBC systems, to ensure the necessary levels of mandatory compliance and risk awareness are attained and, importantly, to communicate the customer service standards, values and culture expected within the combined entity. To meet our targets, we have identified a total of 1004 staff for training and 12,892 training days have been scheduled for delivery before March 2013.

In closing, and on behalf of the Board of Directors, I would like to express appreciation and thanks to all our customers, staff and management for their commitment, as well as to the Central Bank of Oman and the Capital Market Authority for their support and guidance.

I wish to express our deepest gratitude to His Majesty Sultan Qaboos Bin Said for the peace, stability and growth that his reign has brought to Oman. We offer our full support as he continues to lead Oman and its people to further prosperity and development.

Review Report to the Board of Directors of HSBC Bank Oman SAOG

The Chairman Board of Directors HSBC Bank Oman SAOG PO Box 1727, CPO Seeb 111 Muscat, Sultanate of Oman

Introduction

We have reviewed the unaudited condensed statement of financial position of HSBC Bank Oman SAOG ("the Bank") as at 30 September 2012, and the related unaudited condensed statements of comprehensive income, changes in equity and cash flows for the nine months period then ended, and other explanatory notes ("the interim financial information") set out on pages 6 to 30.

Management are responsible for the preparation and fair presentation of the interim financial information in accordance with International Accounting Standard ("IAS") 34, 'Interim Financial Reporting' and the minimum disclosure requirements issued by the Capital Market Authority ("CMA"). Our responsibility is to express a conclusion on the interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information of the Bank is not:

- i) prepared, in all material respects, in accordance with IAS 34 'Interim Financial Reporting'; and
- ii) in compliance, in all material respects, with the minimum disclosure requirements issued by the CMA.

The accompanying notes on pages 11 to 30 form an integral part of these interim condensed financial statements.

1 Legal status and activities

HSBC Bank Oman S.A.O.G. ('the Bank'), formerly Oman International Bank S.A.O.G. ('OIB'), is an Omani joint stock company, which was incorporated on 1 January 1979, operating as a commercial bank through a network of branches in the Sultanate of Oman, India and Pakistan. The registered office of the head office of the Bank is P.O. Box 1727, CPO Seeb, Postal Code 111, Sultanate of Oman. The Bank has its shares listed on Muscat Securities Market.

As further explained in note 5, on 3 June 2012, the operations of HSBC Bank Middle East Limited Oman branches merged with OIB and the combined listed entity was renamed as HSBC Bank Oman S.A.O.G. Following the merger, HSBC Bank Middle East Limited holds 51% of the shares in the combined entity.

2 Basis of preparation:

(a) Compliance with International Financial Reporting Standards

The interim condensed financial statements of the Bank have been prepared in accordance with IAS 34 'Interim Financial Reporting' ('IAS 34') as issued by the International Accounting Standards Board ('IASB'), the disclosure requirements set out in the Rules for Disclosure and Proformas issued by the Capital Market Authority ('CMA'), and the Commercial Companies Law of 1974, as amended, of the Sultanate of Oman and the applicable regulations of the Central Bank of Oman ("CBO").

The financial statements of the Bank at 31 December 2011 were prepared in accordance with International Financial Reporting Standards ('IFRSs') as issued by the IASB, the disclosure requirements and the applicable regulations of the CBO.

IFRSs comprise accounting standards issued by the IASB and its predecessor body as well as interpretations issued by the International Financial Reporting Interpretations Committee ('IFRIC') and its predecessor body.

(b) Presentation of information

The functional currency of the Bank is Rials Omani ("RO"), which is also the presentation currency of the financial statements of the bank.

(c) Comparative information

These interim condensed financial statements include comparative information as required by IAS 34.

As further explained in note 5, on 3 June 2012, the operations of HSBC Bank Middle East Limited Oman branches merged with OIB. Following the merger, HSBC Bank Middle East Limited holds 51% of the shares in the combined entity. The merger is accounted for as a reverse acquisition under IFRS 3 – 'Business Combinations' due to HSBC acquiring a controlling stake in OIB through the issue of new shares of OIB. Accordingly, OIB is treated as the 'accounting acquiree' and HSBC Bank Middle East Limited Oman branches are treated as the 'accounting acquirer' for accounting purposes. As a result, the financial statements of HSBC Bank Oman S.A.O.G. are shown as a continuation of the financial statements of HSBC Bank Middle East Limited Oman branches with one adjustment to reflect the legal capital of OIB.

2 Basis of preparation (continued)

(d) Use of estimates and assumptions

The preparation of financial information requires the use of estimates and assumptions about future conditions. The use of available information and the application of judgement are inherent in the formation of estimates; actual results in the future may differ from those reported. Management believes that the bank's critical accounting policies where judgement is necessarily applied are those which relate to the valuation of separately identifiable assets and liabilities acquired during merger, the useful lives of intangible assets, impairment of loans and advances, the valuation of financial instruments and the impairment of available-for-sale financial assets.

(e) Future accounting developments

At 30 September 2012, a number of standards and amendments to standards had been issued by the IASB, which are not effective for these interim condensed financial statements. In addition to the projects to complete financial instrument accounting, the IASB is continuing to work on projects on insurance, revenue recognition and lease accounting, which together with the standards described below, will represent widespread and significant changes to accounting requirements from 2013.

Standards and Interpretations issued by the IASB

Standards applicable in 2013

In May 2011, the IASB issued IFRS 10 'Consolidated Financial Statements' ('IFRS 10'), IFRS 11 'Joint Arrangements' ('IFRS 11') and IFRS 12 'Disclosure of Interests in Other Entities' ('IFRS 12'). The standards are effective for annual periods beginning on or after 1 January 2013 with early adoption permitted. IFRSs 10 and 11 are required to be applied retrospectively.

Under IFRS 10, there will be one approach for determining consolidation for all entities, based on the concept of power, variability of returns and their linkage. This will replace the current approach which emphasises legal control or exposure to risks and rewards, depending on the nature of the entity. IFRS 11 places more focus on the investors' rights and obligations than on structure of the arrangement, and introduces the concept of a joint operation. IFRS 12 includes the disclosure requirements for subsidiaries, joint arrangements and associates and introduces new requirements for unconsolidated structured entities.

Based on the Bank's assessment to date, we do not expect IFRS 10 and IFRS 11 to have a material effect on the Bank's financial statements.

In May 2011, the IASB also issued IFRS 13 'Fair Value Measurement' ('IFRS 13'). This standard is effective for annual periods beginning on or after 1 January 2013 with early adoption permitted. IFRS 13 is required to be applied prospectively from the beginning of the first annual period in which it is applied. The disclosure requirements of IFRS 13 do not require comparative information to be provided for periods prior to initial application.

IFRS 13 establishes a single source of guidance for all fair value measurements required or permitted by IFRSs. The standard clarifies the definition of fair value as an exit price, which is defined as a price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions, and enhances disclosures about fair value measurement.

- 2 Basis of preparation (continued)
- (e) Future accounting developments (continued)

Standards and Interpretations issued by the IASB (continued)

Standards applicable in 2013 (continued)

The Bank is currently assessing IFRS 13 and it is not practicable to quantify the effect as at the date of the publication of these interim condensed financial statements, which will depend on final interpretations of the standard, market conditions and the Bank's holdings of financial instruments at 1 January 2013.

In June 2011, the IASB issued amendments to IAS 19 'Employee Benefits' ('IAS 19 revised'). The revised standard is effective for annual periods beginning on or after 1 January 2013 with early adoption permitted.

The Bank is currently assessing IAS 19 and it is not practical to quantify the effect as at the date of the publication of these interim condensed financial statements.

In December 2011, the IASB issued amendments to IFRS 7 'Disclosures – Offsetting Financial Assets and Financial Liabilities' which requires the disclosures about the effect or potential effects of offsetting financial assets and financial liabilities and related arrangements on an entity's financial position. The amendments are effective for annual periods beginning on or after 1 January 2013 and interim periods within those annual periods. The amendments are required to be applied retrospectively.

Standards applicable in 2014

In December 2011, the IASB issued amendments to IAS 32 'Offsetting Financial Assets and Financial Liabilities' which clarified the requirements for offsetting financial instruments and addressed inconsistencies in current practice when applying the offsetting criteria in IAS 32 'Financial Instruments: Presentation'. The amendments are effective for annual periods beginning on or after 1 January 2014 with early adoption permitted and are required to be applied retrospectively.

The bank is currently assessing the impact of these clarifications but it is not practicable to quantify the effect as at the date of the publication of these interim condensed financial statements.

Standards applicable in 2015

In November 2009, the IASB issued IFRS 9 'Financial Instruments' ('IFRS 9') which introduced new requirements for the classification and measurement of financial assets. In October 2010, the IASB issued additions to IFRS 9 relating to financial liabilities. Together, these changes represent the first phase in the IASB's planned replacement of IAS 39 'Financial Instruments: Recognition and Measurement' ('IAS 39') with a less complex and improved standard for financial instruments.

Following the IASB's decision in December 2011 to defer the effective date, the standard is effective for annual periods beginning on or after 1 January 2015 with early adoption permitted. IFRS 9 is required to be applied retrospectively but prior periods need not be restated.

The second and third phases in the IASB's project to replace IAS 39 will address the impairment of financial assets measured at amortised cost and hedge accounting.

The IASB re-opened the requirements for classification and measurement in IFRS 9 in 2012 to address practice and other issues with an exposure draft of revised proposals expected in the second half of 2012. Therefore, the Bank remains unable to provide a date by which it plans to apply IFRS 9 and it remains impracticable to quantify the effect of IFRS 9 as at the date of the publication of these interim condensed financial statements.

3 Accounting policies

In addition to the accounting policies adopted by the Bank for these interim condensed financial statements which are consistent with those described in the financial statements of HSBC Bank Middle East Limited Oman branches for the year ended 31 December 2011, the following accounting policy in relation to the business combinations accounting is also adopted:

The purchase method of accounting is used to account for the business combination. The cost of an acquisition is measured at the fair value of the consideration, including contingent consideration, given at the date of exchange. Acquisition-related costs are recognised as an expense in the statement of income in the period in which they are incurred. The acquired identifiable assets, liabilities and contingent liabilities are measured at their fair values at the date of acquisition. Goodwill is measured as the excess of the aggregation of the consideration transferred, the amount of non-controlling interest and the fair value of the acquirer's previously held equity interest, if any, over the net of the amounts of the identifiable assets acquired and the liabilities assumed. In the event that the amount of net assets acquired is in excess of the aggregation of the consideration transferred, the difference is recognised immediately in the statement of comprehensive income.

4 Products and services

The Bank provides a comprehensive range of banking and related financial services to its customers in its geographical regions. The products and services offered to customers are organised by customer bank and global business.

- Retail Banking and Wealth Management offers a broad range of products and services to meet the personal banking, consumer finance and wealth management needs of individual customers. Personal banking products typically include current and savings accounts, mortgages and personal loans, credit cards, insurance, wealth management and local and international payment services.
- *Commercial Banking* product offerings include the provision of financing services, payments and cash management, international trade finance, treasury and capital markets, commercial cards, insurance, wealth management and investment banking services.
- Global Banking and Markets provide tailored financial solutions to government, corporate and institutional clients. The client focused business lines deliver a wide range of banking capabilities; a markets business that provides services in credit, rates, foreign exchange, money markets and principal investment activities.

5 Business combination

On 3 June 2012, the operations of HSBC Bank Middle East Limited Oman branches merged with OIB and the combined listed entity was renamed as HSBC Bank Oman S.A.O.G. As a result of the merger, HSBC Bank Middle East Limited acquired 51% of the combined entity for a total consideration of RO 151.92m. The merger is accounted for as a reverse acquisition under IFRS 3 due to HSBC acquiring a controlling stake in OIB through the issue of new shares of OIB. Accordingly, OIB is treated as the 'accounting acquiree' and HSBC Bank Middle East Limited Oman branches are treated as the 'accounting acquirer' for accounting purposes. As a result, the financial statements of HSBC Bank Oman S.A.O.G. are shown as a continuation of the financial statements of HSBC Bank Middle East Limited Oman branches with one adjustment to reflect the legal capital of OIB. This adjustment was reflected in a 'merger reserve', the balance on which was adjusted against retained earnings as at 30 September 2012.

As per IFRS 3 negative goodwill of RO 1.23m arose from this acquisition and is recognised within other income for the nine months ended 30 September 2012.

	03 June 2012 RO'000
Total consideration transferred	151,923

5 Business combination (continued)

The fair values of identifiable assets acquired and the liabilities assumed at the acquisition date were as follows:

	Fair value recognised on acquisition	Carrying value immediately prior to acquisition
	RO'000	RO'000
Cash and balances with central banks	108,344	108,344
Derivatives	1,948	1,948

Reserved interest	(44,283)	(1,843)	(1,586)
Net loans and advances	1,224,720	480,350	454,280
Non performing loans	91,541	5,593	5,427

13 Loans and advances (continued)

Concentration of loans and advances (continued):

Specific provision for loan impairment and reserved interest represent 86.54% of gross non-performing loans and advances.

Non-performing loans includes Government soft loans, amounting to RO 2.74m, in which the principal is guaranteed and part of the interest serviced by the Government of the Sultanate of Oman are past due. Adequate provision for impairment is established for the portion of interest not serviced by the customers.

Provision for loan impairment and reserved interest:

The movement on provision for loan impairment for the nine months period ended 30 September 2012 is analysed in the table below:

	Specific provision RO'000	General provision RO'000	Total provision RO'000
Balance at 1 January 2012	3,445	5,644	9,089
Transfers as result of business combination	33,402	9,995	43,397
Currency translation effect on opening balance	(1)	(1)	(2)
Provided during the period	7,620	1,030	8,650
Released during the period:			
-Due to recoveries/releases	(698)	-	(698)
-Due to write back	(159)	(14)	(173)
Written off during the period	(8,676)	-	(8,676)
Balance at 30 September 2012	34,933	16,654	51,587

The movement on provision for loan impairment for the nine months period ended 30 September 2011 is analysed in the table below:

	Specific provision RO'000	General provision RO'000	Total provision RO'000
Balance at 1 January 2011	4,980	5,639	10,619
Provided during the period	2,230	540	2,770
Due to recoveries / releases Written off during the period	(2,507) (1,419)		(2,507) (1,419)
Balance at 30 September 2011	3,284	6,179	9,463

The movement on reserved interest for the period is analysed as below:

	30 September	30 September
	2012	2011
	RO'000	RO'000
Balance at the beginning of the period	1,586	1,956
Transfers as result of business combination	47,102	-
Reserved during the period	4,728	448
Released to the statement of income in loan impairments - credit	(310)	(392)
Written off during the period	(8,823)	(169)
Balance at end of the period	44,283	1,843

The estimated fair value of loans and advances is not materially different from the book value of loans and advances, other than as disclosed in note 5.

As at 30 September 2012, there were certain legal suits pending against the Bank. Based on the opinion of the Bank's legal counsel, the Bank's management believes that no additional liability is expected to arise from these cases and it therefore does not consider it necessary to make any additional provisions in this regard.

24 Share capital

The share capital of the Bank is divided into 2,000,312,790 fully paid shares of RO 0.100 each (30 September 2011 – 968,052,611 shares of RO 0.100 each) against the authorised share capital of 7,500 million shares of RO 0.100 each.

Of the above share capital of the Bank ordinary shares of 1,020,159,523 were issued on 3 June 2012 to HSBC as part of the merger with OIB.

Major Shareholder

All those shareholders of the Bank who own 10% or more of the Bank's shares in their name, and the number of shares they hold are as follows:

		30 September	30 September	31 December
		2012	2011	2011
		Number of shares	Number of shares	Number of shares
1	HSBC Bank Middle East Limited	1,020,159,523	-	-
2	H.E. Dr. Omar Bin Abdul Muneim Al Zawawi	-	97,483,598	97,483,598

25 Reserves

(a) Legal reserve

In accordance with the Commercial Companies Law of Oman 1974 as amended, annual appropriations of 10% of the profit for the year, before Directors' remuneration, are made to the legal reserve until the accumulated balance of the reserve is equal to one-third of the value of the Bank's paid-up share capital. This reserve is not available for distribution.

(b) Statutory reserve

Regulations issued on 30 September 2000 by the authority regulating the banking activities in India, in which certain branches operate, require the branches to appropriate 25% of their profits for the year to a statutory reserve, which is not distributable without the prior permission of the regulatory authority. An earlier regulation issued on 27 March 1989, required the branches in India to appropriate 20% of their profits to a statutory reserve until the year 2000. In this respect an amount of RO 310,000 has been transferred to statutory reserve during the nine month period ended 30 September 2012 (2011 - RO 227,000).

(c) Merger reserve

The merger reserve arises from the application of the principles of reverse acquisition accounting for the business combination of HSBC Bank Middle East Limited Oman branches and OIB in June 2012. In accordance with IFRSs the acquisition has been accounted for as a reverse acquisition as explained in note 5.

(d) Available-for-sale fair value reserve

Available-for-sale fair value reserve represents fair value changes in available-for-sale financial assets.

26 Related parties and holders of 10% of the Bank's shares

Holders of 10% or more of the Bank's shares may include companies, individuals, or families. Families are included if the shares of the family members total 10% or more of the Bank's shares. Members of the family of an individual are those that may be expected to influence, or be influenced by, that person in their dealings with the Bank.

Related parties also includes key management personnel and HSBC Group and related entities. Details are provided separately where amounts relating to an individual director and/or significant shareholder and his/her related parties are greater than 5% of the total of related party loans and advances. Others represent transactions with parties related to more than one director.

26 Related parties and holders of 10 % of the Bank's shares (continued)

Analysis of the related party transactions with related parties or holders of 10% or more of the Bank's shares, ('significant shareholders') or their family members during the period is as follows:

	Significant shareholder - HSBC and related group entities	Directors	Key management personnel	Others	Total
